

# Pomogranate Seed Oil

# Pomegranate seed oil

a delightful product from Mika Green

It is prepared from oily pomegranate kernel, which in addition to food consumption, plays an important role in the production of health and care cosmetics.

## Pomegranate, a useful fruit

It is made from pomegranate fruit, pomegranate juice, pomegranate paste, pomegranate Leather and pomegranate jam. Pomegranate peel is used to make traditional colors; its leaves were also used in the past. Pomegranate peel is also used in the tannery and its flower is used for some other purposes.

## The history of Pomogranate

Pomegranate has been known in ancient myths as a popular symbol of wealth and production due to its abundant seeds, and it is enough to know that pomegranate is native to Iran and has gradually spread from Central Asia to the Himalayan, the Middle East, Asia Minor and the Mediterranean. Believe us in what we offer you as pomegranate seed oil.
