## FRAGRANCE WHEEL AND SCENT FAMILIES

The fragrance wheel is a round diagram that displays the different scent families and subfamilies.

The four main types of fragrance and the different scent families that every scent is based on are warm, woody, oriental and fresh, with each effect brought out by different combinations of fragrances.

Another category, or better to mention, the old one in the perfume family, includes the following: Leather, Chypre and Fougère

## COMMON FAMILY NOTES:

For Floral; Rose - Jasmine - Orange blossom

For Fresh; Sage - Bergamot - Grapefruit

For Oriental; Vanilla – Myrrh - Anise

For Woody; Patchouli – Vetiver - Sandalwood

For Leather; tobacco - honey - smoke

For Chypre; light citrus - darker woody - mossy

For Fougère; lavender – coumarin - oak moss
